

## AP BIOLOGY SUMMER ASSIGNMENT

If you do not follow this rubric exactly then you will not get any credit. You must purchase a 150 page bound composition notebook for biology. No spirals allowed!! You will be watching videos from [www.bozemanbiology.com](http://www.bozemanbiology.com) all year for this class. These videos are your number one resource for lectures. When you get to class in September the concentration of class time is primarily used for labs and activities. Not note taking!!

View each video. In your notebook you will write notes from each video that include the definitions of major concepts, concept maps he draws, and any specific example mentioned. Each video will be about 15 minutes in length however to adequately take notes it will take you around 45 minutes per video for completion. Each video's notes will be no shorter than 2 sides of a notebook page. Remember these are your lecture notes for the class. IF IT IS NOT LEGIBLE AND NEAT IT IS A ZERO.

The first day of class you will be tested on these 10 videos. There will be 1 question from each video for a total of 10 questions.

NOTEBOOK PERFECT-	50 points
<u>EXAM</u>	<u>50 points</u>
FIRST TEST GRADE	100

Visit the website [www.bozemanbiology.com](http://www.bozemanbiology.com) to access the videos. They will play through Youtube. No excuses here. They are all accessible.
